Thanks, well it turned out to be stressful for staff - they said at the gate they were here to "thank the staff" for Inner-City arts support of Eastman ....so my director gathered everyone for celebration -
then they stated their real reason for visiting was to speak to me about Extera.

It is the first time overlap has occurred.

I have since learned their request was specifically that I resign from the Extera board.

All wil be fine! All part of the mission!

Bob Smiland
PRESIDENT & CEO
